THE REAL QUESTION.

The real question of disease is "Can I be cured?" If you or anyone dear to you is losing strength, flesh, energy and vitality, if you are wise you will not spend time trying to figure out just what name to call the disease by.

It is almost impossible to draw the line where debility and weakness merge into consumption. Your trouble may not be consumption to-day, but you don't know what it *may become to-morrow*. Hundreds of people have been restored to robust health by Dr. Pierce's marvelous "Golden Medical Discovery" after reputable physicians had pronounced them consumptive beyond hope.

Were they in consumption? Nobody can ever know. The important point is that they were hopelessly ill but this matchless "Discovery" restored and saved them.

"I was not able to do hardly any work at all," says Mrs. Jennie Dingman, of Vanburen, Kalkaska Co., Mich., in a most interesting letter to Dr. Pierce. "I had pain in my left side and back, and had headache all the time. I tried your medicine and it helped me. Last spring I had a bad cough; I got so bad I had to be in bed all the time.

"My husband thought I had consumption. He wanted me to get a doctor, but I told him if it was consumption they could not help me. We thought we would try Dr. Pierce's Golden Medical Discovery and before I had taken one bottle the cough was stopped and I have had no more of it returning. Your medicine is the best I have taken."

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain sealed envelope, absolutely free. His nearly 40 years experience as chief consulting physician of the Invalids' Hotel, at Buffalo, N. Y., has made him an expert in chronic diseases.

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

AN EMPEROR'S FURY.

Paul of Russia's Order to His Regiment of Horse Guards.

On one occasion during a parade of his horse guards the Emperor Paul of Russia was extremely dissatisfied with the manner in which the troops performed their evolutions. At length, after a more than ordinarily stupid blunder on the part of the troops, the czar could stand it no longer, and he determined to preside over the drill in person. The troops were well aware that the czar's temper was on the verge of bubbling over, and the knowledge so unnerved them that things went from bad to worse until at last a blunder supervened—a blunder in which officers and men shared alike—which proved the climax.

Galloping up to the disorganized lines and reining up his charger at their head, livid with fury which he no longer attempted to suppress, Paul gave vent to the following original and effective speech: "Officers and troopers of the Imperial horse guards, right about face! Quick—march—to Siberia!"

The entire regiment, with unbroken composure and dignity, wheeled to the right and started off then and there upon their terrible march into exile. By the time they had arrived at a point lying some few days' march from the capital, the czar's temper having cooled down, swift couriers were dispatched after the exiled guards with news of the imperial clemency, and the troops were allowed to return.

The Greatest American Two-Cylinder Touring Car Ever Sold

FOR $1550.00

This car is superior, in design and speed, to many of the best two-cylinder cars built in 1904—cars which sold for from $3600 to $3000.

20-H. P. Oldsmobile Touring Car

This is the latest Oldsmobile creation—a 20-H. P. two-cylinder touring car with side entrance. Double opposed motor 5½ x 6, 90-inch wheel base, noise of exhaust completely eliminated. It combines comfort with speed, hill-climbing ability and plenty of surplus power.

It is roomy and comfortable. Its distributed weight and long spring action permit 5 to 10 miles per hour increased speed over rough country roads with comfort and this ease of spring saves tire expense and general wear and tear.

It is very easily controlled and is quick in action. It runs on high speed up to 40 miles an hour. This machine is very popular in San Francisco as it has the power to take heavy grades on high speed. This space is too limited to give full description; the whole story is told, however, when we say **"There is no other $1550.00 machine of its class to equal it."** Let us prove this to you.

Don't forget that our French Type Runabout at $800.00 (F. O. B. San Francisco) has no equal. Our Olds Curve Dash ($700.00) is a standard "Office on Wheels"; Our Tonneau ($.050.00) is a good slow speed family car. Altogether we have twelve types of machines. OLDSMOBILES run the year through and run for years. The wear and tear expense is $1.00 to $5.00 for other makes.

Our WINTON Four-Cylinder Touring Cars have all cars of their class "driven to the tall timber"—4 Models, 16 to 30 H. P. $1950 to $4650

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.
Dr. Shoop's Night Cure is the Local.
Dr. Shoop's Restorative, the Constitutional.
The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository-remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.
The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

RURAL SCHOOL CONSOLIDATION

In your issue of January 25, 1908, I gave a short history of the founding of a High School in a country community of Illinois where previously three inefficient district schools were trying discouragingly to minister to the educational needs of the people.

In a copy of the School News of Taylorville, Illinois, for July 1907 I find an account of this rather noted school which gives more valuable information to those in this county who may be interested in the consolidation of rural schools, and the consequent improvement. My reason for again writing on the subject is the evident need for a careful consideration of this matter by three districts tributary to this High School. With the present faculty, 100 to 125 students can be efficiently handled by Sequoia High School. Our enrollment has been 106, 83 and 34 for the three years to date. The three districts in three years have sent us 7 pupils, and should have sent us from 15 to 25. The plan I suggest is one way and probably the best way, to reap the benefits of the High School which they help to support

I think the following article will be interesting to the people of the districts mentioned, and to the general public.

THE WAGONS ARE RUNNING.

The educational event of the year, in Illinois, occurred in Magnolia township Monday, May 27. Magnolia township is in Putnam county. Putnam is about the smallest county in the state of Illinois.

Fancy a two and a half story brick building, containing four recitation rooms, two laboratories, an auditorium seating three hundred persons, a boys' manual training room, a girls' play room, furnace, fuel, and cloak rooms, indoor toilet rooms, steam heat, hot and cold water, a gas plant, a campus of twenty-four acres dotted with forest trees oak, elm, ash, hard maple, walnut and locust and sloping gently from north to south to "Clear Creek," two fine wagons, and an elegant little office or board room for the school directors!

The event was the dedication of all this to the uses of School District No. 532. Five districts in Magnolia tried to get together in 1904, but the plan failed. In 1905, three districts, 22, 23 and 25 tried again. The trustees refused to grant the prayer of the petitioners. The petitioners appealed to the county superintendent, George W. Hunt, and what Mr. Hunt did, and his excellent reasons therefor are fully set forth in the latest report of the Superintendent of Public Instruction for Illinois. The board of directors consists of Victor Kays, W. B. Mills and John Wilson. John Swaney gave the land and so it is called the John Swaney School. John A. Kay's estate, W. G. Griffith, F. E. Smith, John Wilson, Perry Mills, W. L. Mills and Louis Pricke made up a purse of $2000, and George W. Hunt therw in a set of manuel training tools. There is no law against public spirited citizens of moderate means giving something toward the little home school if they want to, after the district has gone to the limit.

The dedicatory exercises began in the morning and lasted all day. The Superintendent of Public Instruction delivered the principal address, and did it well.

The teachers are McNeal C. James, a graduate of the Streator Township High School, of the State Normal University, and a senior in the Agricultrual College of the University of Illinois; Mss Mabel Oathouti; and Miss Eva G. Ratekin, a graduate of the Millitary Tract Normal School. The directors are looking for a normal school teacher who is also a teacher of domestic scencie. There is nothing the matter with that faculty.

The course of study provides for four years work above the eighth grade, and includes the usual amount of instruction in algebra, geometry, Latin, botany horticulture, animal husbandry and household science.

Adjacent to the campus is a branch experimental station connected with the station at the University of Illinois.

Last year "two wagons were operated at public expense to convey the children from the two outlying districts." Also, it is said that two citizens residing in District No. 325 talk of enjoining the directors next September if they begin to do it again. Maybe they will, but probably they won't. For old John Swaney told the writer about three years ago that it was the purpose of his friends in Putnam county to provide for their children the best appointed and best kept country school in the United States. Theyh ave done it, I suspect. Hence the improbability that any of their neighbors will interfere with the wagons.

The tuition in the John Swaney School District 325, Magnolia township, Putnam county, Illinois, is nine dollars per semester, and some students from other districts are payingit .Tuition pupils furnish their own transportation.

ALFRED BAYLISS,
Principal of the State Normal School.

A girl doesn't need a fountain pen to write a gushing letter.

CITIZENS TO VOTE ON BONDS

A resolution of intention to order an election for water and town hall improvements was passed Monday night by the board of town trustees. The date of the election has not yet been set but it will be at some time during the month.

An application was made by A. Hess for the acceptance of 1640 feet of macadamizing done on Roosevelt avenue, and a resolution was adopted ordering that all interested property owners shall appear March 16th, at the meeting of the board and state their objections, if any they have, why the application should not be allowed.

The Virginia Mill Company applied for 4-inch water pipe to be laid on Redwood Avenue, for a distance of 400 feet. It is the intention of the company to build several cottages on its property afong the avenue.

An order was made that a call for bids for 2000 feet of 4-inch pipe with connections, hydrants, etc.

Street Superintendent Dickey was directed to have the water-wagon repaired, the cost not to exceed $100.

Several complaints having been made on account of the accumulation of garbage, the board will make an investigation as the most practical and reasonable method of the disposal of same.

The claims of James Curran for $75 and that of Robert Brown for $113.75, were the only ones presented and payment of them was ordered.

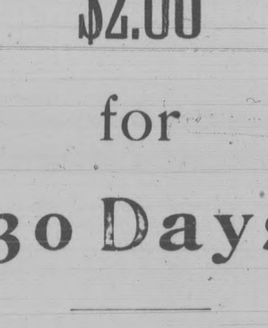

The Cow Puncher

"The Cow-Puncher" is advertised at the Alhambra for one night, Sunday, March 8. Hal Reid the author has laid his plot in the picturesque state of Arizona. He has taken his heroine from the east and his hero from the West, brought them together on the vast plains that nature claims as her own and united them with a love as pure as the air they breathe and circles it with a band of gold. He has made his people natural and true to life. His Black Hank and Spokane Ike are gems in character sketching. Tacoma Tim and Ann Slattery are full of genuine humor. Lutchia Cordova and Carlos Mendoza have all the subtlety of the Mexican, Billy Lawton, the hero's brother is an example of a boy raised well but weak. Tom Lawton's character is best expressed in the simple words, "A Man." Geraldine with her youth, sincerity and beauty and womanliness, is just the girl you would want Lawton to marry. The other parts are convincing. With this material Mr. Reid has made a great play. W. F. Mann has staged it in a most sumptuous manner, and several specialties are introduced to add life and color to the drama.

Telephone Improvements.

The Sunset Tel. and Telephone Co. have a man canvassing the town with a view of changing all the lines from ten to four-party lines, and he is meeting with good success. There will be a slight increase in the monthly rentals but the Telephone company are going to a great expense to string new lines, putting in additional switchboard facilities, new telephones and changing the system entirely. The new system will do away with one-half the ringing, and those who sign for a four-party line will only hear the bell ringing on their own telephone and one other. This will be very much appreciated by the telephone patrons, as this is one of the most up-to-date systems. The company have a gang of men now at work rewiring for every telephone, both inside and out. There is a decided improvement in the service already.

Big Reclamation Contract.

A contract has just been let to E. W. McLellan involving over $30,000, for the reclamation of about 2,300 acres of the Whitney-Hearst marsh lands lying immediately in front of Belmont. As there is but a short time limit on the contract things will be lively down there for a few months. We have it on good authority that deeds will soon go on record showing the sale to second hands of about 2,000 acres more of the same tract, which will about clean up the entire 5,000 acres and which assures its all being brought under cultivation within a short space of time. When this work is completed about 10,000 acres of land will be added to the wealth of San Mateo county, which experts claim will pay interest on $300 per acre when thoroughly subdued.

Trial Jurors Drawn.

The following jurymen have been drawn to appear in the Superior Court July 12th:

J. R. S. Bickford, Richard Harder, D. O. Daggett, Walter Fahey, Wm. Pringle, C. C. Anderson, Thomas Ward, V. Bianchi, A. F. Otto, A. F. Luderman, John Bauer, Philip L. Kauffmann Sr., Robert Inches, H. Ebright, Chas. Luscher, Geo. P. Ellis, H. E. Heiner, M. Crow, Antone Davis, W. Hunter, John F. Gonzales, A. J. Beer Sr., W. Sealy, J. J. Hintz, A. DeRoche, Henry Solen, J. Mitvalsky, John Poole Sr., C. E. Knights, Geo. Azevedo, E. Dakin, W. W. Byrne, Wm. Hammerson, H. Frahm, Hugh McArthur, W. C. Alt, G. Furrer, A. D. Jenevein, V. Killian, D. S. Jackson.

Western Pacific Railway.

Late Wednesday evening the Western Pacific Railway Company filed a mortgage in the Recorder's office, whereby it hypothecated all its property, consisting of land rights ways, railroad supplies, tracks, etc., to the Bowling Green Trust Company of New York for the sum of $50,000,000, to draw 5 per cent interest. The company is to construct its road through the San Joaquin valley, through Sacramento and in Alameda County. It will also construct a branch road from San Francisco down the peninsula to San Jose, a distance of 49 miles.

The document contains 111 pages and the fees for recording will be $90.

Death Ends Search.

James E. Mooney, who has been searching for nearly a quarter of a century for his little daughter, who mysteriously disappeared from a picnic at Belmont, passed away in San Francisco Tuesday. The little daughter, Annie Mooney, disappeared completely from view one midsummer Sunday in 1883, and although thorough search was made and large rewards offered no trace was ever found of her. Mooney spent his life in searching for his daughter, and although every clue was followed up she was never found.

Applied for Letters.

Jacob Bryan of Colma has applied for letters of administration upon the estate of Mary Whelan, who died at Colma on June 16. She leaves an estate not exceeding $1000 in value. It consists of a certain lot in block 38, Colma, an interest in a judgment against the Union Coursing Park for $540 and personal property. The heirs-at-law are John J. Whelan of San Francisco and Mary Whelan of Colma.

To Appear for Trial.

The grain season is well on at present and the hum of the busy binder can be heard on all sides. The grain crop will be light this year owing to the effect of the rust.

BELMONT, June 30.—The people here are very much interested in the Fourth of July celebration at San Mateo, as we will be represenred by two floats in the parade.

An entertainment and dance is to be given in the school hall for the benefit of the piano fund, and from the present outlook promises to be a great success.

We have just acquired some more voters this week, as three of our most prominent young men have reached their majority.

Mr. J. Hutchings and family are contemplating a trip East and intend to visit all places of interest.

Mr. and Mrs. J. H. Doolittle have just returned from a very pleasant trip to the Yosemite.

Dr. Henry M. Gibbons and family are occupying their new home.

Mr. and Mrs. E. J. Fowler have rented the Splivalo place for the summer.

LA HONDA ZYPHERS.

LA HONDA, June 30.—The Cavalli Bros. are sparing no expense or trouble to provide a Fourth of July entertainment which will eclipse anything in former years. The exercises of the day will include races of all kinds, dancing in the pavilion, and the talented Hjalmer Holmquist of Redwood City will deliver an oration, fireworks in the evening, and all to be concluded with a grand ball in Sears' hall. A large crowd is expected and a good time is assured to all who come.

Mr. Jared O. Dodge and family have pitched their tents on their old campgrounds, but are taking their meals at the hotel, which saves them a deal of work and gives them time to beautify their surroundings and entertain their many friends. PESCADERO PEBBLES.

PESCADERO, June 30.—An agent for the Ocean Shore Railroad Company has been here this week making arrangements for rights of way with the Steele Bros. Everyone here is very enthusiastic about the new road, as it will fill all the requirements of a steam road, carrying both freight and passengers. Work on the track has been going on at Waddell Creek for some time, and a contract for grading is soon to be let at Halfmoon Bay.

Pescadero is going to celebrate the Fourth with an old-fashioned barbecue. There will be four pieces from the Park band to furnish music for the dancers. There will be an oration by a son of George C. Ross of Redwood City, and if he is a chip of the old block he will be worth hearing. Miss Chandler will sing the "Star Spangled Banner." Everybody will sing "America," and everybody will be full to the brim with the good that our hospitality know how to prepare. Everybody is welcome to bring their lunch and have a good time wits us.

Some campers from San Jose, who had pitched their tent at Blomquist's mill, have had their outing brought to a sad ending. Their little girl of 6 years was riding on one of the logs as it was being hauled by oxen to the mill, and it swung around and the child rolled under the log and its little life was immediately crushed out. The Coroner from Halfmoon Bay was called to hold the inquest. The remains were forwarded to Redwood City and from their shipped to her home at Los Gatos. The little girl was the daughter of Mr. and Mas. Wellott of that place.

Edgar Shaw, Earl Coburn and Dr. Blackburn are would-be candidates for the office of Supervisor for the Fifth District.

Albion Weeks, who has been quite ill, has gone away for medical treatment. We hope he will return in much better health.

Justice Coburn is taking in the sights in the city, and incidentally looking after the prospective Supervisorship.

The C. E. Society will serve ice cream on the picnic ground on the Fourth for the benefit of the pastor's salary.

Miss Emily Leighton was called to Redwood City to attend a meeting of the Board of Education.

Miss Ruth Baldwin of San Francisco is the guest of a week of Mrs. L. Chandler's.

F. Koster has gone to the city to have his eyes operated upon. He is almost totally blind.

The Swanton House is filling up with guests for the summer.

George Kirchner of San Francisco is visiting with the Koster family.

DEATH OF FRANK COVEY.

The Famous Horseman Passes Away Wednesday Morning.

Frank Covey, who gained an international reputation as superintendent of the Stanford stock farm in its palmiest days, died in this city Wednesday morning. Some time ago he suffered a stroke of paralysis, from which he did not recover.

Frank W. Covey was born Sept. 22, 1856, in Sacramento, Cal. For more than twenty-five years he was connected with the famous Palo Alto stock farm, becoming its superintendent, retiring from this position at the closing of the place. He was a familiar figure at all the racing meetings in California and was well and favorably known to all horsemen both East and West. He was a Native Son, having been Past President of Stanford Parlor, N. S. G. W., of which he was charter member, a member of Sacramento Lodge, B. P. O. E., and a member of Mayfield Lodge, I. O. O. F. He served on the State Board of Agriculture for a number of years and also as a member of the Republican State Central Committee from Santa Clara county. He lived an active and useful life and endeared himself to a host of friends who mourn his loss.

The remains will be placed on the 12:03 train today for San Francisco, where services will be held under the auspices of Stanford Parlor, N. S. G. W., in Native Sons' building, at 2:30 P. M. The body will be cremated in Odd Fellows' cemetery.

LONG LIFE IS ENDED.

Death Calls the First Postmaster of Santa Rosa.

Alonzo Meacham, one of Sonoma County's earliest pioneers and the first Postmaster of Santa Rosa, died Tuesday at his home near Fulton after an extended illness. He was a native of Ohio and 83 years of age. He came to California in 1849 and to Sonoma County in 1852. Mr. Meacham was the father of W. H. Meacham, who was for a number of years connected with this paper, and who now lives at San Mateo.

ELECTION CONTEST DECISION

Judge Smith Reviews the Evidence and Sustains Eikerenkotter.

All Points at Issue Disposed Of in Dignified Manner and With Attention to Details.

Judge Smith of Santa Cruz rendered a decision last Saturday in the election contest case of H. D. Pierce against Julius Eikerenkotter. The case was submitted some time ago. Geo. C. Ross represented Mr. Eikerenkotter, and C. W. Eastin appeared for the plaintiff. The decision is interesting in view of the wholesale charges of corruption in the Baden precinct made by Attorney Eastin in his brief submitted to Judge Smith. Following is the decision in full:

In the Superior Court of the County of San Mateo, State of California. H. D. Pierce, plaintiff and contestant, vs. Julius Eikerenkotter, defendant and contestee.

This is an election contest over the office of Supervisor of the First District of San Mateo county, arising out of an election for that office held on the 8th day of November, 1904. Upon the returns of the election officers the board of election canvassers declared that Julius Eikerenkotter, the defendant and contestee herein, was duly elected to said office of Supervisor over his opponent, James T. Casey, by a majority of 7 votes. Thereupon a certificate of election was regularly issued to said Eikerenkotter, and thereafter he entered upon the discharge of the duties of said office, which he now holds.

Within the statutory time allowed by law for contesting said election, the plaintiff and contestant, H. D. Pierce, instituted this contest upon the ground that he was and is a qualified elector of said Supervisor district. Upon the hearing of the contest, and after the rejection of all ballots that were held to be illegal, it was found that the said defendant, Eikerenkotter, had received a majority of 5 votes over his opponent, James T. Casey.

In arriving at the above conclusion, I reject the vote of Peter Pala, shown to have been cast for the defendant, and also the vote of Robert W. Menary, likewise cast for the defendant, both of said parties being in my opinion illegal voters in said Supervisor district.

It is claimed by the defendant's counsel that several illegal voters in the Baden precinct voted for Mr. Casey, but as it would not change the result of the election by rejecting such ballots, other than to increase the defendant's majority, it becomes unnecessary to discuss the legality of said ballots more than to say that in my judgment they were legal and were properly counted for such candidate.

As to the ballot cast by one John Brandrup, who refused to testify for whom he voted for Supervisor, it is sufficient to say that I regard his vote as legal, and was properly counted for whichever candidate he supported for said office. From his evidence and demeanor while on the witness stand, I feel justified in saying that in my opinion this witness promised to vote for the defendant, but actually voted for Mr. Casey, and hence did not wish to testify to the fact. But whether his vote is legal or illegal it does not change the final result of said election.

The learned counsel for plaintiff contends that all of the ballots cast in the Baden precinct should be rejected on account of illegal registrations and improper conduct on the part of the election officers. This precinct embraces South San Francisco and contains a large number of laborers, many of whom are transient persons without any fixed places of residence. Hence the great difficulty of correctly registering the voters in that district is apparent. The evidence shows that nearly 100 persons registered in that precinct failed to vote, possibly because they did not deem themselves legal voters. But however that may be, it would be manifestly unjust to disfranchise the legal voters of the entire precinct simply on account of the illegal registration of certain persons who did not vote, and because the officers of election acted indiscreetly in certain particulars, but which in no way prevented a fair election. And further, if only illegal votes were cast in the Baden precinct, other than above stated, it was not shown for which candidate for Supervisor the same were cast, and hence the Court cannot deduct such illegal votes from either candidate.

The law of this State seems to be well settled that the right of voters shall not be prejudiced or their ballots rejected for any errors or wrongful acts of the officers of election, unless it is shown that a fair election and an honest count were thereby prevented. No such proof was made in this case, but on the contrary the evidence shows that no one entitled to vote was prevented from voting at said election, and that both parties had watchers present to see that the votes cast were correctly counted and accurately tallied.

The defendant's counsel earnestly contends that the Court has lost jurisdiction to make an order or decree in this case other than to affirm the election of the defendant, because regular orders continuing the hearing were not made as provided by the statute governing contested election cases. This position is not well taken, for the reason that at the conclusion of plaintiff's evidence the defendant's counsel made a motion that judgment be rendered confirming the election of the defendant, upon the ground that the evidence of plainliff was insufficient to sustain his contest. This motion was taken under advisement by the Court, and is the only question which the Court is now called upon to decide; and the delay in passing upon the question was caused solely by the attorneys granting each other additional time within which to file their respective briefs. Should the defendant's motion for non-suit or judgment be denied, and the case set down for hearing evidence on the part of the defendant, then plaintiff's counsel might properly raise the question here contended for by the defendant, and it would become a serious question whether the defendant had not lost his right to introduce further evidence because he did not have orders of continuance properly made. But having arrived at a conclusion favorable to the defendant, it becomes unnecessary to determine that question. Neither do I deem it necessary to discuss various other legal questions raised by counsel in their able and elaborate briefs, as such discussion would serve no useful purpose.

After having carefully considered all the evidence offered by plaintiff, I have reached the conclusion that he has failed to sustain the grounds of his contest, and that the defendant's motion for judgment confirming his election, should be granted, and it is so ordered.

Findings will be prepared and judgment entered accordingly.

Dated June 23d, 1905.

LUCAS F. SMITH,
Acting Judge of said Superior Court.

BUNCOED.

Stranger Who Proves to be a Smooth Article Visits the Town.

Charles Luscher, proprietor of the Del Monte hotel, was this week victimized of a small sum of money by a smooth rascal who posed as a wealthy mine owner of Tonopah. He gave the name of Charles Howard and came to the hotel a week ago last Tuesday. He had all the appearances of a gentleman of wealth and was given the best lodgings in the house. Howard spoke of building a fine residence in this city, and from his smooth conversation Mr. Luscher supposed him to be a man of means. On Monday morning Howard said he was going to bring his family from British Columbia to reside in Redwood City. He gave a check for $266 on the Wells, Fargo Nevada National Bank to Mr. Luscher, saying that he only desired a small amount of the check and the balance could go to his credit. The hotelkeeper accepted the check and next day took it to the First National Bank of this city, and it was forwarded to San Francisco. Thursday it was returned with the words written across its face, "No account." In the meantime Howard departed, and he has not been seen since. Luscher acknowledges he was "worked," but says the experience has taught him a lesson, and in the future he will be very careful in cashing checks for strangers, no matter how opulent their appearances may be.
